

Paul Rodgers Helps Willows

Legendary singer Paul Rodgers, founding member and songwriter from Free and Bad Company with his wife Cynthia have sponsored 13 of Willows Animals for Christmas.

Paul said "We heard the unusual story about the piglet Babe and her great escape and dug a little deeper to find that all of the animals were in need of sponsoring."

Paul has also donated 100 copies of his latest DVD "Live in Montreux Paul Rodgers and Friends" featuring appearances from Queen's Brian May, Journey's Neal Schon, Jason Bonham and others.

Signed copies of Paul's DVD are available at £25 from Willows online shop.
